WELCOME TO 1977 GEORGIA SECTION V CONCLAVE

Fellow Arrowmen of Section V:

Welcome to Berry Academy and the 1977 Section V Conclave. It is my special privilege to welcome Mr. Bill Downs, the National Executive Secretary of our Order. For those of you who have never met him, I challenge you to go up and talk to him. This is an excellent opportunity to learn more about the Order of the Arrow.

For those of you who have never been to a Sectional Conclave, I am sure it will be a rewarding experience. The Conclave gives a person an all around look at the Order of the Arrow. All the things that make our Order what it is are for everyone to see and experience. It's not hard to get wrapped up in an Indian Competition or to have fun in the egg pitch. The conclave offers something for everyone.

The Conclave is a very important part of our Order, and it is filled with a lot of serious business, but it is also full of fun. At the meetings always remember what you're there for, but don't let that get in the way of having fun.

Yours in Brotherhood,

Ed Hays

Ed Hays, Section V Conclave Chief

At this our 1977 Section V Conclave we are honored to have William F.(Bill) Downs, the National Executive Secretary of our Order, in attendance. Mr. Downs assumed his post in the fall of 1974, and we are indeed fortunate that he is with us this weekend, since it is not possible for him to attend all of the many Sectional Conclaves held throughout the United States.

Bill entered the Brotherhood in 1941 with Illini Lodge No. 92, where his service included Lodge Chief and the Vigil Honor. Since entering the Scouting Profession in 1950, Bill has held assignments, including Scout Executive, throughout the East Central Region.

WANT TO KNOW ABOUT BERRY COLLEGE & ACADEMY?

Berry College and Berry Academy, adjoining the City of Rome (Population 68,000), are on a campus of 30,000 acres of forests, fields, mountains, lakes and streams. The institutions were founded in 1902 by the late Miss Martha Berry and today includes 40 principal buildings with additional other buildings and faculty homes located throughout the campuses.

Berry College, with 1,700 students, is coeducational and students may reside on the campus or commute from their homes. The college offers the Associate of Science, Bachelor of Arts, Bachelor of Music and Bachelor of Science plus Master of Business Administration and Master of Education degrees.

Berry Academy, with 210 students, is a coeducational college preparatory school with grades 6 through 12. Young men and young women in grades 9 through 12 may reside on the campus. Commuting students attend all grades.

Students also have an opportunity to work at a job—ranging from campus maintenance, laboratories, dining halls and offices, for example, to industry, business and government—a part of the Berry experience in preparing for useful lives and rewarding careers. Of course, earnings may be used to help defray charges. Comprehensive student financial aid is available.

SCOUTING BACKGROUND OF SECTION CHIEF ED HAYS

Our Section Chief Ed Hays has a rich and varied background in Scouting having risen from Assistant Patrol Leader through Patrol Leader and Senior Patrol Leader to Junior Assistant Scoutmaster of his troop. In addition, he has held the office of President of his Explorer Medical Post and Chairman of the Explorer Presidents Association of the Flint River Council.

Ed attained the Eagle Rank and served as the Eagle Scout on the Georgia Governor's Staff in January of 1977.

Ed is a Vigil Honor Member of our Order and served as Vice Chief and Lodge Chief of his Lodge (Initio No. 324 of the Flint River Council) before his election first as Secretary of Section V and then Section Chief for our Georgia Section.

The service that Ed has given to Scouting includes four years on camp staff and his present assignment as Webelos Den Leader in addition to his many other aforementioned responsibilities that have been undertaken while attending Gordon Junior College.

The Lodge Inductions seminar was run by Wallace Shealy and David Surrent of Bob White Lodge. They stressed that the induction period extends from the unit election until the completion of the Brotherhood Ceremony. During this time span, the candidate and later ordeal member gains in his understanding of our Order. For a Lodge to succeed, it is necessary to give careful thought to this entire process.

The Where to Go Camping seminar, run by Chattahoochee, was very informative. They covered different ways of collecting information, various lay-outs, printing methods and methods of distribution.

Egwa Tawa Dee put on an interesting seminar on Lodge Publications. Bernie Marino covered points on purpose, format, content, and special features of a good paper. It was a good forum for the airing of comments and problems with lodge publications.

David Earnest covered the backpacking discussion for the Alapaha Lodge. He covered preparation and footwear. He introduced an interesting blister prevention: Vaseline. It sticks your socks to your feet, preventing rubbing.

ARROWMEN BEHAVIOR

Every Arrowman in attendance at this event is both expected and obligated to set an example in his conduct at all times as a Scout and an Arrowman. This means that all physical property of Berry College, Berry Academy and the host Lodge and host council must be respected and maintained.

O.A. NATIONAL CONFERENCE

Tuesday, August 23rd through Saturday, August 27th are the dates for the Order of the Arrow National Conference at the University of Tennessee at Knoxville. This is the first time that the national conference has ever been held in the Southeast Region, and we want to insure that every lodge (ALL 12) within our Section V is in attendance at this big event. There is still time for every Arrowman to register through his own lodge for this special activity. See your Lodge Chief if interested.

DON'T READ THIS!!!!

The above is an obvious ploy to get your attention. But since you're reading this, it worked. This article deals with FREE PATCHES. Another, less obvious ploy to get your attention. This is to WARN YOU ABOUT A NEW BREED THAT HAS evolved. He is the "Patchaholic" [Genus: Tradereous Patchious].

There is nothing wrong with patch trading in itself. However, anything done to excess can be harmful. These people do nothing but trade—the reason for their well developed finger muscles.

We fear that patchaholics at this Conclave will miss the entire purpose of this gathering. This event is designed to exchange ideas about various aspects of lodge operation. But for those that miss the discussion groups (especially due to patch trading) can't contribute to their lodges, and are therefore worse than useless. So put up the patches and learn something.

NATIONAL CONFERENCE

It is only a short time until Aug. 23 and the start of the National Order of the Arrow Conference at the University of Tennessee at Knoxville. This is the first time that the OA National Conference has been held in our Southeast Region, and another such conference will not be held until the August of 1979; and then it may be as far away as the West Coast.

The fee is \$80.00, covering all meals in a university cafeteria, lodging in a college dormitory room and all handouts and ~~printed~~ program materials relative to the conference.

The conference, being held from Aug. 23-27 1977, will include a blend of orientation, chapter and lodge activities and leadership instruction, training in the methods and meaning of the Order of the Arrow, Indian Dance Competition, exhibits, fellowship and much more, including some surprise activities. Added extras. A brand new Pre-Ordeal Ceremony will be revealed during the week of the Conference. Also a special Achievement Award will be given to those arrowmen completing the requirements. A Super Sports event called "Hercules" will be a feature attraction.

Dr. E. Urner Goodman will appear at a "Meet the Man" Question and Answer Period.

A CHALLENGE

The Egwa Tawa Dee Lodge has five percent of its total membership registered to attend the National Conference. Their Goal is Ten percent. They Challenge all Lodges in Area 5 to meet or exceed this goal.

HISTORY OF THE FORK

The fork has long been a symbol of eater, the glutton, and the dispeptic. Its history includes a multitude of uses the least and most easily forgotten of which is the sole method of induction into the Order of the Fork.

In 1910 Dr. Etaoin Schrdlu Forke started the O. F. at Shady Dale, Georgia. Dr. Forke was the first member and probably the only exception to the only membership requirement i.e. "To give unselfishly of ones resources and talents to an Area Conference in order to perpetuate cheerfulness and service above and beyond normalcy;" and as amended -1973- to change "Area Conference" to read "Area Conclav. Conclave".

Bobwhite Lodge No. 87 of the Georgia-Carolina Council has undertaken promotion of their Camp Linwood Hayne as the site of the 1979 Section V Conclave. They have already started making plans and will initiate a bid to host the event at the planning session in December of 1977.

GEORGIA AREA 5 SPLIT!!!

Last night the "Council of Chiefs" of Georgia Section V voted unanimously to split the present state area into two(2) sections to allow more Scouts and Scouters to attend Conclaves at different locations, require less travel and conservation of fuel as requested by our president and to allow smaller lodges to be able to host the events at their own camps. Also, the division of the section into two new sections will allow the utilization of more boy leadership. The actual division has not been finalized at press time, but it is reliably believed that the new realignment will be as follows:

- SECTION 5A - Bobwhite No. 87
Egwa Tawa Dee No. 129
Mowogo No. 243
Waguli No. 318
Inito No. 324
- SECTION 5B - Tomo Chi Chi No. 119
Chattahoochee No. 204
Pilthlako No. 229
Wehadkee No. 273
Immokalee No. 353
Echeconnee No. 358
Alapaha No. 545

COSTUME COMPETITION

The inclement weather that was responsible for moving the costume competition from the arena to the gym didn't dampen the competitive spirit of the contestants.

While it is more difficult to compete on a basketball court than it is in a natural setting, all the contestants did an excellent job.

The rules governing the competition were printed in the Conclave Schedule and Program Booklet.

Contestants were given three minutes to explain and comment about their costume and most were asked questions by the judges concerning authenticity or methods of construction of Indian costumes.

It was noted that when the competition began the group of onlookers was rather small. However, as the event progressed more and more Arrowmen came to look. Once inside, almost no one left until the last contestant had finished his presentation.

If you failed to see this competition, then you really missed an interesting and informative segment of the Conclave.

While we were all enjoying a fabulous Conclave, the Federal Government, always interfering with our lives, attempted to play a trick on us. However, due to extensive investigative reporting by a tireless member of the ARROW staff, we have uncovered the plot.

By changing the time, they attempted to cause mass confusion. In order to thwart their efforts, we will remain on BAST (Berry Academy Standard Time) until outside of the gates. When you leave, it becomes 1 hour later. Thus, instead of taking 2 hours to get home, it will now take you 3 hours and 16 minutes.
